

THE CANADA EMERGENCY WAGE SUBSIDY CAN WORK FOR YOU

Get the support you need to bring your employees back to work.

How much
can you
qualify for?

The CEWS can fit your situation

You can get a base subsidy for each of your eligible employees. The amount you get per employee is based on your revenue drop.*

	REVENUE DROP 50% or more	REVENUE DROP 0-49%
BASE RATE	60% or up to \$677/week per employee	Your revenue drop % x 1.2 (eg. 20% x 1.2 = 24% base rate or \$271/week per employee)

Do you
qualify for
a top-up?

Were you hard-hit?

If you've been especially hard-hit by the COVID-19 crisis, you may qualify for an additional top-up subsidy, based on your revenue drop.*

	REVENUE DROP 70% or more	REVENUE DROP 50%-69%	REVENUE DROP 0-49%
TOP UP	25% or up to \$282/week per employee	1.25 x (your revenue drop % - 50%) (eg. 1.25 x (60% - 50%) = 12.5% or \$141/week per employee)	No top-up

Subsidy rates apply to remuneration of up to \$1,129 per week per eligible employee. The rates shown here are in effect for Period 5 (July 5 – August 1) and Period 6 (August 2 – August 29).

The maximum base subsidy rate will be gradually reduced from 60% to 20% in Period 9 (October 25 – November 21).

* You can calculate your revenue drop in two ways, and choose the way that works best for your situation.

Go to Canada.ca/coronavirus to learn more and calculate your subsidy.
